## Background

The case, which was commenced on October 2, 2018, concerns Defendants' alleged misrepresentations and omissions regarding the capabilities of and demand for Impinj's product platform ("Platform"). The Complaint alleges Defendants falsely told investors that the Company's Platform had the ability to accurately locate tagged items. The Complaint alleges that Defendants also falsely claimed that increased demand for the Platform was fueling its record revenue growth. According to the Complaint, the Platform suffered from poor location accuracy and demand for the Platform was declining during the Class Period. In response to Defendants' statements, the price of Impinj's shares traded at artificially-inflated levels, reaching a high of over \$59 per share during the Class Period. When the truth emerged in a series of partial disclosures, the price declined to \$11 per share.

On January 14, 2019, the Court appointed Baton Rouge as Lead Plaintiff for the Class and Bernstein Litowitz Berger and Grossmann LLP as Lead Counsel.

On February 13, 2019, Lead Plaintiff filed its consolidated class action complaint provisionally under seal.

Defendants moved to dismiss the Complaint, and Plaintiffs opposed their motion. On October 4, 2019, the Defendants' motion to dismiss was largely denied by the Court.

Discovery in the Action commenced in October 2019. Defendants and third parties produced a total of over 450,000 pages of documents to Lead Plaintiff, and Lead Plaintiff produced over 5,800 pages of documents to Defendants in response to their requests.

While discovery was underway, the Parties agreed to engage in private mediation. A full-day mediation session before Michelle Yoshida of Phillips ADR was held on May 28, 2020. No agreement was reached at the mediation session, but following the mediation, Ms. Yoshida issued a double-blind mediator's recommendation that the Action and a related New York State action be settled for \$20,000,000. On June 10, 2020, Ms. Yoshida informed the Parties that both Plaintiffs and Defendants had accepted the recommendation.

On July 9, 2020, the Parties entered into the Stipulation and Agreement of Settlement, which sets forth the full terms and conditions of the Settlement. On July 10, 2020, Lead Plaintiff filed a motion for preliminary approval of the Settlement with the Court.

On July 29, 2020, the Court entered an Order preliminarily approving the Settlement, approving the mailing of notice to the Settlement Class, and scheduling a final Settlement Hearing for November 19, 2020.

At the November 19, 2020 hearing, the Court announced that it would approve the Settlement. On November 20, 2020, the Court entered a Judgment approving the Settlement, an Order approving the proposed Plan of Allocation, and an Order awarding attorneys' fees and litigation expenses. Processing of the claims submitted by class members is ongoing.
