

## BLB&G Tops SCAS' 2006 Rankings for Fourth Consecutive Year

March 2007

For the fourth consecutive year, BLB&G topped the "SCAS 50" study of the top 50 plaintiff law firms in the U.S., ranking #1 in highest average settlements and #2 in the highest total dollars recovered on behalf of investors, during 2006. The firm recovered an average of over \$292 million per case, with total settlements amounting to over \$2.6 billion for the year.

"...Consistently bringing and settling high-impact cases..."

According to ISS, "Bernstein Litowitz Berger & Grossmann remained in the top two for the fourth consecutive year, [and] also achieved the highest average settlement amount... an important measure because it is an indicator of which law firms are consistently bringing and settling high impact cases."

The "SCAS 50" is a study of the top 50 plaintiff law firms in the U.S. by Securities Class Action Services (SCAS), a subsidiary of Institutional Shareholder Services (ISS). The list ranks the top plaintiffs' law firms by the total dollar amount of final securities class action settlements occurring in a calendar year, in which the law firm served as lead or co-lead counsel.
