July 2008

A capable, respected and ethical adversary, Silicon Valley technology firms recognize BLB&G as a firm that has "prosecuted the most important cases." In its premiere edition of the "In-House Law Departments at Leading Technology Companies," *Corporate Counsel* magazine named BLB&G a "Go-To Law Firm" to its short list of preferred litigators for both Commercial Litigation and Securities Litigation.

The "Go To" guide was compiled based on surveys of in-house and general counsel of major technology companies, as well as through independent research by *Corporate Counsel*.
