January 25, 2022

The Securities Class Action Services division of Institutional Shareholder Services (ISS SCAS) has published its annual *Top 100 U.S. Class Action Settlements of All Time* report, showing that Bernstein Litowitz Berger & Grossmann LLP continues to lead the securities litigation space. For the twelfth consecutive year, BLB&G was Lead or Co-Lead Counsel in more top recoveries than any other firm.

The report highlights a number of key metrics that illustrate BLB&G's track record of success for institutional investor plaintiffs:

- BLB&G served as lead or co-lead counsel in 37 of the top 100 U.S. securities fraud settlements – nearly double any other firm.
- Of the settlements included in ISS SCAS's *Top 100 Settlements* report, BLB&G has recovered more than \$26 billion for shareholders – nearly \$10 billion more than our nearest peer firm. We are proud to have recovered more than \$33 billion overall.
- BLB&G has secured six settlements over \$1 billion – more than any other firm.

The ISS SCAS *Top 100 U.S. Class Action Settlements of All Time* is an annual report that identifies the largest securities class action settlements filed after the passage of the Private Securities Litigation Reform Act of 1995, ranked by the total value of the settlement fund.

We are humbled by the trust so many institutional investors have placed in our firm, and grateful for the opportunity to partner with our clients to achieve such important and impactful results. These recoveries have played a significant role in improving market transparency and holding wrongdoers accountable. Every institutional investor who has served as Lead Plaintiff should be very proud of what they have accomplished for shareholders.”
