

# BLB&G Recognized as a Leading Plaintiff Law Firm in Latest ISS SCAS “Top 50” Report

February 20, 2026

BLB&G has once again been recognized as a leading plaintiff law firm among those representing investors in securities litigation, according to data compiled by ISS Securities Class Action Services (SCAS) in its “Top 50” report. The firm’s ranking reflects its recovery of \$558 million for investors in 2025. The \$558 million in recoveries includes large settlements in significant cases involving EQT Corp. (\$167.5 million), Turquoise Hill Resources Ltd. (\$138.75 million), and ViacomCBS, Inc. (\$120 million).

The ISS SCAS “Top 50” report follows the publication’s recent release of its “[Top 100 U.S. Class Action Settlements of All Time](#)” report, which showed that for the 16th consecutive year, BLB&G was lead or co-lead counsel in 37 of the top 100 U.S. securities fraud settlements of all time—13 more than its closest competitor. The firm has secured more than \$27 billion of the top 100 class action recoveries—nearly 40 percent of all funds in the top 100 recoveries and \$7 billion more than our closest competitor. Since its founding in 1983, the firm has recovered more than \$40 billion for investors.
