

BLB&G Partner Jeroen van Kwawegen Speaks at Broadridge Webinar on "International Opt-In Cases: Evolving Mechanisms for Collective Redress"

September 30, 2021

On Thursday, September 30, 2021, BLB&G Partner Jeroen van Kwawegen will be speaking at a Broadridge webinar, "International Opt-In Cases: Evolving Mechanisms for Collective Redress."

The global landscape of securities litigation continues to evolve rapidly. Watershed legal developments, including the EU Collective Redress Directive and the expanded Dutch collective proceedings law among others, are expected to increase significantly the volume and scale of collective redress opportunities. A robust global asset recovery plan requires investors to be increasingly proactive in identifying, registering and tracking international opportunities.

The webinar will feature a panel of experts discussing the new legal amendments and why opt-in monitoring should be one of the primary tools in the institutional investor's toolbox.
